The Aspen is a well-balanced family residence designed to combine everyday comfort with flexible living spaces. With a thoughtful layout and clearly defined zones, this home offers an ideal mix of open gathering areas and private rooms suited for a variety of lifestyles.

The main floor features a welcoming great room that connects naturally to the kitchen and dining areas, creating a central space for daily living and entertaining. The primary bedroom is located on the main level, offering privacy and convenience with a dedicated bathroom and walk-in closet. Additional bedrooms, a pantry, and a laundry room support efficient daily routines, while the attached garage provides practical vehicle and storage space.

The basement level expands the home's versatility, offering recreational areas, a playroom, an entertainment room, additional bedrooms, and storage. These flexible spaces are well suited for family activities, guests, or future customization as needs evolve. Overall, The Aspen delivers a comfortable and adaptable home design, blending open living spaces, private retreats, and flexible lower-level areas into a residence built for long-term livability and family-focused living.nd adaptability.
