The Fieldstone is a generously scaled residence designed to accommodate large families, multi-generational living, and active lifestyles. With living spaces distributed across three levels, this home offers an exceptional balance of shared gathering areas and private retreats. The main floor is organized around a spacious great room that connects naturally to the kitchen and dining areas, creating a welcoming environment for everyday living and entertaining. The primary suite is thoughtfully placed on the main level, offering privacy and comfort with a dedicated bathroom, walk-in closet, and adjacent sitting area. Practical support spaces—including a pantry, laundry room, and ample storage—enhance daily functionality, while the attached garage provides generous capacity. The second floor expands the home's livability with additional bedrooms, a family room, and storage areas, allowing for separation between primary living spaces and secondary sleeping zones. The basement level adds even more flexibility, featuring recreational spaces, additional bedrooms, and support areas well suited for guests, playrooms, or future customization. Overall, The Fieldstone delivers a timeless and highly functional home design, combining expansive living areas, clear spatial organization, and flexible multi-level living into a residence built for long-term comfort and adaptability.
