The Grove is a thoughtfully designed family home that combines comfortable main-level living with flexible space below. With a clear and efficient layout, this residence offers an inviting balance between open gathering areas and private rooms suited for everyday family life. The main floor is centered around a spacious great room that connects naturally to the kitchen and dining areas, creating a welcoming environment for daily routines and entertaining. The primary suite is conveniently located on the main level, providing privacy and comfort with a dedicated bathroom and walk-in closet. Additional bedrooms, a mudroom, pantry, and laundry room enhance functionality, while the attached three-car garage offers generous vehicle and storage capacity. The basement level expands the home's versatility with a large family room, additional bedrooms, mechanical space, and storage. These flexible areas are ideal for guests, recreation, or future customization as family needs evolve. Overall, The Grove delivers a warm and well-balanced residential design, blending open living spaces, private retreats, and adaptable lower-level areas into a home built for long-term comfort, practicality, and family-focused living.
