The Hearth is a comfortable and family-focused home design that emphasizes simplicity, functionality, and everyday livability. With a well-organized single-level layout and additional flexible space below, this residence offers an ideal balance between open living areas and private rooms.

The main floor is centered around an inviting living room that connects naturally to the kitchen and dining areas, creating a welcoming environment for daily routines and family gatherings. The primary bedroom is thoughtfully positioned to provide privacy and comfort, complete with a dedicated bathroom and walk-in closet. Additional bedrooms, a pantry, and a laundry room support efficient day-to-day living, while the attached garage offers convenient vehicle and storage space.

The basement level expands the home's versatility, featuring a family room, additional bedrooms, storage areas, and flexible spaces suitable for recreation, guests, M. Bathroom or future customization. This lower level allows the home to adapt easily as family needs evolve over time. Overall, The Hearth delivers a warm and practical residential design, blending open living spaces, private retreats, and flexible lower-level areas into a home built for long-term comfort and family-centered living.
